Jeffrey Paul Cohen  
President, Investment Advisor Representative (CRD: 7441300)

US Advanced Computing Infrastructure Inc. is licensed as a Registered Investment Advisor by the Illinois Securities Department, with FINRA, and under the supervision of the US Securities and Exchange Commission. This registration (CRD: 316375) is effective November 19, 2021.

For more information, please visit [adviserinfo.sec.gov](https://adviserinfo.sec.gov).

We are an investment advisor & business consultancy headquartered in Highland Park, Illinois.

We offer non-discretionary investment advice to institutional investors, accredited investors, and individual investors. We provide quantitative and fundamental analysis for you to make better informed investment decisions. Our services are based on a proprietary algorithm & compute platform that we develop and maintain. Our market data services are provided by Intrinio.

### Our Services

- ❖ We offer fixed-price services including quantitative analysis of stocks, a monthly newsletter service, and financial plan development.
- ❖ We offer time & materials project services including expert-services, client-directed research and development, coding of your algorithm ideas on our platform, and business consulting.

For more information

- ❖ For questions about this information, please contact Jeffrey Cohen at 847.780.4401 or [jeffrey@quantum-usaci.com](mailto:jeffrey@quantum-usaci.com).
- ❖ Our brochure is available for free and without registration here ([brochure](#)) or via our homepage.
